

The K-Love radio station is the only station in my area that is an up lifting and inspiration to my self and my family. With all of the bad things that go on in this community we are fortunate to have this station to fall back on for peace. The effect on the community by losing this station to any LPFM would be very disturbing to say the least. Besides the negative effect it would leave from not having this positive, up lifting and inspirational station. I believe because of the positive programming that is provided in the community from this station it would be a dis-service to this and any community that might be affected by losing K-Love would be a negative impact to any community.
